

Information letter

Dear colleagues!

Herewith we invite you to attend the International Congress REENCON-XXI «Renewable Energy XXI century: energy and economic efficiency."

Dates: 27-28 October 2015

Venue: World Trade Center Moscow, "Ladoga" Conference Hall

Working languages: Russian and English

The Congress organizers:

Russian Academy of Sciences: Joint Institute of High Temperatures of the Russian Academy of Sciences (JIHT RAS) and the Energy Research Institute of the Russian Academy of Sciences (ERI RAS);

National Research University "Higher School of Economics" (HSE);

International Sustainable Energy Development Centre under the auspices of UNESCO.

Supported by the Ministry of Education of the Russian Federation, the Russian Foundation for Basic Research, the Russian Scientific Foundation, JSC "RusHydro", energy technology platforms.

Chair of the Congress Program Committee,

President of the Russian Academy of Sciences, Academician, V. Fortov;

Co-Chair of the Congress Program Committee,

First Vice Rector of the Highest School of Economics, Prof., L. Gokhberg;

Chair of the Organizing Committee of the Congress - Deputy Director of the Institute of Energy of HSE, Ph.D. E. Medvedeva;

Chair of the Editorial Committee of the Congress - Director of the Institute of Energy HSE, member-corresponding member of the Russian Academy of Sciences, S. Filippov.

The program of the Congress:

- Discussion of the latest trends in the development of clean energy, effective innovative technological trends in the use of renewable energy sources and elements of smart active-adaptive grid, determining the formation of a new technological wave in the global energy sector;
- Specification of new conditions and challenges, the role, objectives and scope of the development of renewable energy sources and energy storage systems in the formation of new energy mode in Russia, the CIS and EAEC countries under the conditions of gas based energy large-scale development;
- Elaboration of scientifically based recommendations for the legislative and executive authorities of Russia, discussion of renewable energy development possibilities in the CIS and EAEC countries;
- Discussion of achievements and challenges in the use of renewable energy sources and energy storage systems, exchange of experience;
- Promotion of international scientific, technical and commercial cooperation between the participants of the Congress;

- Promotion of public-private partnership in the development of renewable energy sources and energy storage systems.

As a result of the Congress:

- Report to promote renewable energy sources and energy storage systems in Russia, including road map of renewable energy sources and energy storage systems development will be prepared and submitted to the Government of the Russian Federation;
- Recommendations on the objectives, targets and main directions of renewable energy support and development in the CIS and EAEC countries will be prepared and submitted to the executive bodies of the CIS and EAEC countries;
- Reports submitted in accordance with the requirements will be published in the Proceedings of the Congress in Russia;
- The best reports submitted in accordance with the requirements and selected by the Editorial Committee will be published in the scientific journals "Thermal Engineering" and "Foresight" as well as in Proceedings of the Congress published by Springer Verlag; The best panel presentations will be awarded with certificates and published in the Proceedings of the Congress in Russia.

The terms of participation:

Online registration and receiving materials	August 10
The deadline for materials submission	October 1
The final program of the Congress	October 10
Registration fee (includes the following services: Access to all scientific events of the Congress, participant bag, coffee breaks, welcome drink):	

Категория	early registration until September 1	Late registration after September 1 until October 10,	Quick registration after October 10
Students and graduates	500 □.	800 □.	1 200 □
Participants from Russia	10 000 □.	12 000 □.	15 000 □.
Foreign participants	165 €	200 €	250 €

Expected number of participants: about 300 persons.
