

The Congress draft program

October 27, 2015. Moscow, World Trade Center, “Ladoga” Conference Hall

8.30-9.30 ***Registration of participants***

9.30-10.00 ***Greetings, opening remarks by the Congress organizers***

10.00-11.00 ***Plenary Session***

Objective: To discuss the latest trends in the development of clean energy, effective innovative technological trends in the use of renewable energy sources, determining the formation of a new technological wave in the global energy sector. Determination of new conditions and challenges and resulting role, objectives and scope of the development of renewable energy sources in the formation of new energy mode in Russia, the CIS and EAEC countries under the conditions of gas based energy sector large-scale development.

11.00-11.30 ***Coffee break***

11.30-13.00 ***Continuation of the Plenary Session***

13.00-14.00 ***Coffee break***

14.00-15.30 ***Session: Breakthrough technology in the use of renewable energy sources and energy storage systems***

Objective: To discuss the latest developments and the practice of renewable energy sources using for production of electric and heat energy

15.30-16.00 ***Coffee break***

16.00-18.00 ***Session: Practical experience in the implementation of projects using renewable energy sources and energy storage systems, as well as the localization of equipment production for renewable energy sources and energy storage systems in Russia, the CIS and EAEC countries***

Objective: To discuss the main problems of implementation of projects using renewable energy sources and energy storage systems, as well as experience in the localization of equipment production for renewable energy sources and energy storage systems in Russia, the CIS and EAEC countries and the necessary steps to remove barriers and promote their development

18.00-20.00 ***Welcome drink***

October 28, 2015. Moscow, World Trade Center, “Ladoga” Conference Hall

9.00– 10.30 ***Session: Objectives, targets and road map of renewable energy sources and energy storage systems development in Russia***

Objective: to discuss effective for the country renewable energy development directions under the conditions of gas based energy sector large-scale development and elaboration of proposals to the Russian Federation Government on the goals, objectives and the roadmap, of supporting and developing renewable energy sources and energy storage systems in the wholesale and retail electricity markets, district heating, decentralization areas and for final consumers.

10.30-11.00 ***Coffee break***

11.00-12.30 ***Continuation of Session: Objectives, targets and road map of renewable energy sources and energy storage systems development in Russia***

Round table on objectives, targets and road map of renewable energy sources and energy storage systems support and development in Russia.

12.30-13.30 ***Coffee break***

13.30-16.00 ***Round Table: Renewable energy development directions and international cooperation on this problem in the CIS and EAEC countries***

Objective: to discuss possible directions of renewable energy development in the EAEC and CIS countries, projects for international cooperation, necessary support

16.00-16.30 ***Coffee break***

16.30-17.30 ***Plenary Session: Summary reports on the results of the sessions and elaborated proposals***

17.30-18.00 ***Closing of the Congress and awarding of participants***
